EXONITA

SUPERMARKET POS

WHAT YOU GET

Everything your supermarket needs, in one place

Standard and quick billing
Two counter screens: product tiles, or scan-only for the fastest queue.

Weighed and loose items
The bill asks for the weight, and reads EAN-13 weight or price barcodes from your scale.

Batch and expiry at billing
Pick the right batch and see which items are close to expiry.

Offers applied by themselves
Percentage off, amount off, and buy X get Y.

Hold, recall and returns
Park a bill for the next customer, bring it back, or take a sales return.

Labels and barcodes
Print barcode labels and shelf labels for your items.

Tills and day close
Each cashier opens and counts a till; the day closes only when every till is counted.

Supermarket dashboard
Net sales, average bill, items per basket, peak hour, low stock, near expiry and stock value.

ALSO INCLUDED

- Goods receipt (GRN)
- Godown and branch transfers
- Customer credit and ledger
- GST returns
- Daily summary by email
- Roles and two-step sign-in
- Cloud data, nightly backups
- Thermal and A4 bills

HOW TO START

1. **Free demo** — See it running with a supermarket catalogue.
2. **Items & setup** — We import your items, GST, counters and printers.
3. **Hardware & training** — Scanners and printers installed, cashiers trained.
4. **Go live** — First bill on day one, with support.
